

CHECK OUT OUR BUDGET FRIENDLY  
**PREMIUM FIBERGLASS  
GARDEN STAKES**

**F**iberglass Stakes are well known for their sturdiness, eco-friendliness and long life span. They do not rust and always look brand new. These stakes are made of high quality glass fibers. Epoxy matrix within the stake holds fibers together to prevent blooming, while providing additional UV protection.

Patterned Surface Ribs are designed specifically for growing plants and climbing fruits ensuring a strong grip. One end is sharpened for the fast and easy installation. These stakes will provide heavy duty support for any plant.

**PRODUCT FEATURES**

- Built to last and will hold up through any type of weather.
- Will not contaminate the soil.
- Will not break down and become brittle or splinter after years of exposure to natural elements.
- Easy to use and will blend in with all your plants making them virtually invisible.
- LIFETIME WARRANTY

SOLID STEEL REBAR POWDER COATED FOR LONG LASTING DURABILITY.

# EZ STEP-IN POST

AVAILABLE IN  
60" OR 80" POST

The EZ STEP-IN POST is a versatile and durable solution for various outdoor applications, particularly in gardening, landscaping, and fencing. Here's a comprehensive overview of its features:

## 1. MATERIAL:

- Constructed from rebar produced in the USA.

## 2. AVAILABLE IN TWO SIZES:

- 1/2 inch diameter and 60" or 80" tall.

## 3. ENGINEERED DESIGN:

- Features a 4" foot platform for easy installation.
- The main part of the post goes 6" into the ground, with the last 6" doubling up with the anchor/stabilizer.

## 4. SECURE WELDING:

- Anchor/stabilizer is welded onto the post with 2-1" welds on each side to ensure long-term security.

## 5. POWDER COATING FOR DURABILITY:

- All posts are powder coated for long-lasting durability.
- Powder coating covers pits and voids formed in the steel during the cooling process, preventing mold and fungus growth.

## 6. VERSATILE APPLICATIONS:

- Suitable for various outdoor uses, including gardening, landscaping, and fencing for farmers and ranchers.

## 8. EASY INSTALLATION:

- Designed for easy installation, saving time and effort.
- Can be installed in various terrains.

## 9. SPRING-LIKE EFFECT:

- Provides a spring-like effect as plants grow taller and heavier, working in harmony with plant development.

## 10. COLOR OPTIONS:

- Midnight Black (neutral)
- Alpine Green (blends with surroundings)
- Sunset Orange (attracts pollinators).

## EZ STEP-IN POST

is a comprehensive and reliable solution for outdoor projects, offering durability, stability, ease of installation, and aesthetic options for different needs.

## STEP 1

Set EZ STEP-IN POST with foot platform/stabilizer. You don't need a hammer or any tools, just use your foot.

LIFETIME WARRANTY • ECO-FRIENDLY
